

Early Learners'
Summer
Experience

JUNE 4-AUGUST 11, 2018

Early Learners' EVENT LIST AND GAMEBOARD

Join us for free science classes!
Especially for children ages birth - entering kindergarten

- Complete **10 activities** of your choice.
- **Cross off** a bubble after you've completed it.
- **Bring this activity log** to your library for a prize!

Play in a sprinkler or outdoor sensory tub

PLAY EXPO

Drop in to preview some amazing interactives as we kick off our summer events. Build with unique materials and get your hands wet with wild water tables. Grab your take-home game board while you're here.

Kalispell: June 12 & 13, 10am-5pm
Columbia Falls: June 13 & 14, 10am-5pm
Bigfork: June 13, 10am-5pm

Paint a rainbow with your feet

WATER WORKS

Whoosh and swirl! Dare to dabble and dunk as you explore the science of water in some unusual ways.

Kalispell: July 10 & 11, 11am
Columbia Falls: July 25 & 26, 10:30am
Bigfork: June 27 10 & 11, 11am

Read a non fiction book of your choice

Choose your own reading adventure

Attend a library program

Build a sculpture using playdough and straws

WOODLAND WONDER

Take inspiration from nature. Create a work of art using unique tools gathered from the great outdoors.

Kalispell: July 17 & 18, 11am
Columbia Falls: July 5, 10:30am
Bigfork: June 20, 10:30am

IMAGINE IT

Can you make something extraordinary from everyday supplies? We say yes! Use cardboard, pool noodles, straws and all sorts of bits and bobs to design something fantastic.

Kalispell: June 26 & 27, 11am
Columbia Falls: July 11 & 12, 10:30am
Bigfork: July 25, 10:30am

Paint a picture using tree branches

Make a shaker instrument

ILLUMINATE

Light up the library with your creativity as well as explore light and shadows and investigate the magic of color.

Kalispell: June 19 & 20, 11am
Columbia Falls: August 1 & 2, 10:30am
Bigfork: July 18, 10:30am

FLY AWAY

Let your ideas take flight and watch things swoop and soar with these fun flying experiments.

Kalispell: July 31 & August 1, 11am
Columbia Falls: June 20 & 21, 10:30am
Bigfork: August 8, 10:30am

Choose your own art adventure

Read a book of rhymes or poems

Pop bubbles mixed with paint for a fun art project

HULLABALOO

Come visit our sound exploratorium and investigate the science behind vibrations, pitch and frequencies. We're done being quiet!

Kalispell: July 3 & August 7, 11am
Columbia Falls: July 18 & 19, 10:30am
Bigfork: August 1, 10:30am

Dance outside with ribbon or streamers

Trace somebody's shadow with sidewalk chalk

KABOOM

Boom! Crash! Make a mess with ImaginELF as we celebrate the fun of destruction.

Kalispell: July 24 & 25, 11am
Columbia Falls: June 27 & 28, 10:30am
Bigfork: July 11, 10:30am

BRAIN: A WORLD INSIDE YOUR HEAD

A fascinating exhibit for all ages, providing a hands-on and up-close look at the human body's most essential and intriguing organ. Missoula's **spectrUM Discovery Area** will present interactive exhibits and activities demonstrating the wonders of neuroscience and the inner workings of the brain.

Kalispell: August 8, 10am-12pm
Columbia Falls: August 8, 3pm-5pm
