

The background is a dark blue grid filled with pixelated alien characters in various colors: red, orange, teal, blue, green, and yellow. A large white rectangle is tilted diagonally across the center, containing the event title and dates.

**KIDS'**  
**SUMMER**  
**EXPERIENCE**

JUNE 4-AUGUST 11, 2018

# KIDS' EVENT LIST AND GAMEBOARD

Join us for free science classes!  
Especially for children entering grades 1-5

- Complete **10 activities** of your choice.
- **Cross off** an activity after you've completed it.
- Bring this activity log to your library for a prize!

Attend a library event

## WATER WORKS

Whoosh and swirl! Dare to dabble and dunk as you explore the science of water in some unusual ways.

Kalispell: July 10 & 11, 3-4pm  
Columbia Falls: July 25, 3-4pm  
Bigfork: June 27, 1-2pm

Design your own sprinkler

## PLAY EXPO

Drop in to preview some amazing interactives as we kick off our summer events. Build with unique materials and get your hands wet with wild water tables. Grab your take-home game board while you're here.

Kalispell: June 12 & 13, 10am-5pm  
Columbia Falls: June 13 & 14, 10am-5pm  
Bigfork: June 13, 10am-5pm

Choose your own scientific adventure

Explore the exciting world of exploding art

## IMAGINE IT

Can you make something extraordinary from everyday supplies? We say yes! Use cardboard, pool noodles, straws and all sorts of bits and bobs to design something fantastic.

Kalispell: June 26 & 27, 3-4pm  
Columbia Falls: July 11, 3-4pm  
Bigfork: July 25, 1-2pm

Retell a story using shadows

## WOODLAND WONDER

Take inspiration from nature. Create a work of art using unique tools gathered from the great outdoors.

Kalispell: July 17 & 18, 3-4pm  
Bigfork: June 20, 1-2pm

Build something entirely out of straws or pool noodles

Learn one fact about sound

Build something that will fly

## ILLUMINATE

Light up the library with your creativity as well as explore light and shadows and investigate the magic of color.

Kalispell: June 19 & 20, 3-4pm  
Columbia Falls: August 1, 3-4pm  
Bigfork: July 18, 1-2pm

## FLY AWAY

Let your ideas take flight and watch things swoop and soar with these fun flying experiments.

Kalispell: July 31 & August 1, 3-4pm  
Columbia Falls: June 20, 3-4pm  
Bigfork: August 8, 1-2pm

## KABOOM

Boom! Crash! Make a mess with ImagineIt as we celebrate the fun of destruction.

Kalispell: July 24 & 25, 3-4pm  
Columbia Falls: June 27, 3-4pm  
Bigfork: July 11, 1-2pm

Identify multiple ways to make a rainbow

Create a sculpture using only materials found outside and leave it for others to find

Choose your own reading adventure

## HULLABALOO

Come visit our sound exploratorium and investigate the science behind vibrations, pitch and frequencies. We're done being quiet!

Kalispell: July 3 & August 7, 3-4pm  
Columbia Falls: July 18, 3-4pm  
Bigfork: August 1, 1-2pm

Make a musical instrument using sticks, straws and rubber bands

Paint a rainbow with your feet

## BRAIN: A WORLD INSIDE YOUR HEAD

A fascinating exhibit for all ages, providing a hands-on and up-close look at the human body's most essential and intriguing organ. Missoula's **spectrUM Discovery Area** will present interactive exhibits and activities demonstrating the wonders of neuroscience and the inner workings of the brain.

Kalispell: August 8, 10am-12pm  
Columbia Falls: August 8, 3pm-5pm
