ALONG
WIDTH

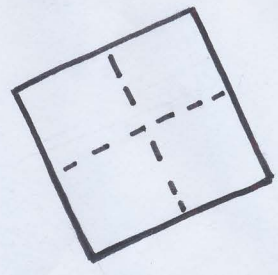

Step 2

Q. What is a zine?
A. "A short-run periodical
produced more from passion than
intention to make money."

Q. Why make a zine?
A. "To have your work in print. To
share what you can make. To
encourage others creatively. To
connect with folks who share your
interests. To get mail. To make new
friends. To create the kind of
publication you've always wished
existed."
