

Itty Bitty Beach

Takeout Storytime

Sensory Sand Play

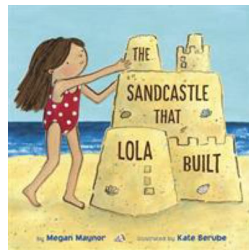

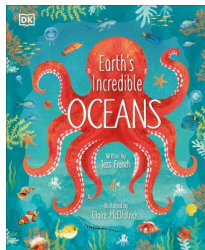

When kids play with sensory materials they build fine motor control, experiment with tools, and tell stories. Play with your child as they explore their sensory sand, jar, silicon mold, and critter bento fork. As you play together your child will hear all sorts of new vocabulary and gain social skills.

Tongue Twister

She sells sea shells
Down by the seashore

Can you say it three times fast?

Talking about the seashore can lead to a fascinating exploration of the ocean and its inhabitants. Your child will learn new words not commonly used in Montana!

Check out marine life and beach books at your ImagineIt's Fun Libraries!

Sing Together

"Down by the Bay" traditional song

Down by the bay
Where the watermelon grow
Back to my home
I dare not go
For if I do
My mother will say:

Did you ever see a whale
With a polka dot tail?

Did you ever see a moose
Kissing a goose?

Make up your own verses!
