Local Art Exhibits Return to ImagineIF Libraries this Fall

Kalispell, MT – ImagineIF Libraries invites the public to view two new art exhibits on display at the library. This fall, ImagineIF highlights two local artists, Rocky Hoerner and Larry Youmans, at ImagineIF Kalispell and Columbia Falls.

“Timeless Montana,” an exhibition by Rocky Hoerner, is on display at ImagineIF Kalispell through November 2021. The artwork explores Montana wildlife and its relationship with the seasons and time. In his body of work, Rocky emphasizes his passion for nature and the creatures that call it home. Set in Glacier Park and the Flathead Valley, this exhibit invites viewers to interact visually with Rocky’s use of color, line and dimension. Artwork has been chosen through all points of Rocky’s life. Prints and original art are available for purchase at ImagineIF Kalispell.

Rocky Hoerner was born in Kalispell, Montana on May 29th, 1957. He has spent his life drawing inspiration from the mountains that he calls home. Over the past 50 years, he has produced and sold thousands of works, from t-shirt designs to murals. With Glacier Park right out his front door, it has been easy for him to express himself through his talent of making art. Find out more at rockyhoernerart.com.

At ImagineIF Columbia Falls, viewers can enjoy the vibrant photos featured in the exhibit “Birds of Ecuador” by local photographer and birder Larry Youmans, also on display through November 2021. This exhibit transports the viewer to the tropical rainforests of Ecuador and invites them to experience the rich and colorful array of birds that Larry captured while visiting. Photos are available for purchase at ImagineIF Columbia Falls.

For over forty years, Larry and his wife Diane have lived in and enjoyed Columbia Falls, Montana. Early in their stay Larry became entranced by the land and water systems of the North Fork of the Flathead River. Since then, the area has been the perfect landscape for Larry to explore his interest in birdwatching and his enthusiasm for photography. Find out more at dly-photography.com.
