Critter

Takeout Storytime

Build a Critter

Push wool into a pinecone, creating a fluffy creature from your imagination. Add eyes, feathers, feet, teeth, beaks, or tails - you're in charge! What adventures will you have with your pinecone critter?

Note: wool contains lanolin, a natural oil. Some people are sensitive to lanolin.

Bounce your child on your lap, clapping out the clock chimes together. Run your fingers from your child's toes to their chin as the mouse runs up the clock.
