Thank You for the growing and wider selection of books for children! We live in a very conservative and white corner of the world, so your selection allows me to introduce fabulous cultures from around the world to my young son. The world is a big, beautiful place, and it's so important to me to expose him to as much as possible, even in a time when we are not traveling as much or as easily. We cannot afford to purchase every book for our own collection, so the fact that...
we can come to the clean & creative space of the library then come home with a PILE of new books every couple of weeks is MUCH appreciated. A special THANK YOU to all the professional library staff who so kindly & Knowledgably assist us in every way! You have the support, attention, & respect of your community of library supporters.

I’m so disappointed that the prices are too high. I decided to settle for less — to lose $, etc. Have used this library since childhood. Could have searched more. Maybe the board needs to learn working together.

I am hoping that there can be a Dungeons and Dragons club and all of the dice and character sheets that are required.
