Discussion

D. Ingram Suggested “to change the wording in bullet point 2 in the selection criteria on page 2 of the policy to read “to provide alternative or opposing perspectives on a topic or issue.”
Board agreed unanimously

H. Roedel Suggested “to limit duplicate purchasing to 4 copies of an item.”
Cummins will research options to control the amount of copies we purchase while also fulfilling patron demands.

H. Roedel Withdraws Suggestion

D. Adams suggested under Collection Heading to add “when patrons ask for books or other materials that ImagineIF does not have in stock, staff will attempt to locate materials by borrowing from other libraries and then return the materials back to the owning library. Materials purchased will not be purchased without going through the same vetting process that all materials go through. ImagineIF is not under any obligation to purchase any book for any individual.

Anderson stated this was in the policy revision under User Requests on the third page of the policy.

Adams suggested making sure the language stated that the Library would first borrow items before considering purchasing.

D. Adams moved “on page 3, strike “if requested items are not selected for purchase”. Under User Requests, start sentence with “every reasonable effort will be made to secure requested items via the partner sharing group or interlibrary loan” and add to that sentence “before any consideration of purchase.”
Seconded by Roedel
